Winter Strategy

- 12-week surge funding to help manage acute respiratory and gastro infections over winter until Sept 2023
- Virtual Care and Triage Team (VCaT)
 - Similar to COVID Community Support Team (CCST)
- Remote patient monitoring (O2 sats, temps, BP/HR/RR)
- MyCareManager app daily
- RNs perform daily phone calls and escalate to GP
 - or HITH SMO if GP unavailable

12 Week Winter Referral Process

Flu cases are starting to spike on the Central Coast, kicking off an early start to the 2023 winter season. Our Virtual Care and Triage (VcaT) team can help you manage people with acute respiratory illnesses in the community.

To refer to our service, please write/email a detailed referral letter including the patient's medical history and current medications **AND call our VcaT intake officer for a clinical handover.**
