ethos
HEALTH

ErgoCheck™

ethos
HEALTH

You're about to complete a simple 5-minute interactive survey to get you set up to work safely and efficiently, regardless of whether you're in the office, at home or on the road. You will answer a series of questions about your chair, desk, screen(s), IT setup and workstation layout. We will identify issues and provide solutions for you to try on the spot.

Stepped care model

Looking back – keys to ~~success~~ not failing:
Necessity was the mother of invention, but
purpose quickly became the father!

- Team capability and adaptability
- Understanding the issues
- Partnerships
- If we had our time again...

THANK YOU!
