

COVID-19 Vaccinations for RACF Workers – Protecting yourself and the people you care for

PHN EDUCATION SESSION

Please join us for this very important information session regarding the COVID-19 vaccine. We will be discussing how the COVID-19 vaccine works, its effectiveness on variant strains, what it does and doesn't do and how it impacts you and your caring role while looking after our vulnerable older people living together in close quarters. We will openly discuss common concerns and questions and provide some valuable and reliable resources for you to review in your own time.

Learning Objectives:

1. Learn about vaccine hesitancy
2. Recognise the benefits of COVID-19 vaccine in an RACF setting
3. Learn how to obtain a COVID-19 vaccine
4. Learn about how the COVID-19 vaccine works including safety

SPEAKERS: **Patrick Cashman** (Immunisation Coordinator, HNELHD, Population Health), **Hayley Ryan** (Clinical Nurse Consultant & Practice Excellence Lead, Uniting) & Facilitator **Kimberley Booth** (COVID-19 Response Lead, HNECCPHN).

WHO: Residential Aged Care Staff, Aged Care Workers

WHEN: Wednesday 14th July 2021, 1:30 pm – 2:30 pm

WHERE: Online via GoToWebinar

RSVP: Please [click here](#) to register

NOTE: This session will be recorded and available in the [PHN Education Library](#) we would encourage RACF managers to provide access to this for staff unable to join the webinar.
