

Who, What, Why and How of COVID Adverse Events Following Immunisation (AEFI)

PHN / HNELHD EDUCATION SESSION

The COVID-19 vaccine rollout is a very dynamic space with regular changes. It can be difficult to keep up with vaccine recommendations and expected and unexpected reactions. Please join us for this very important information session to discuss:

- COVID-19 vaccine recommendations (including mixed schedules)
- AEFI reporting (who do you report to and what needs to be reported?)
- Referral processes to the Hub
- AEFI update (what are we seeing at the moment and why do we need to report?)
- What rashes following immunisation we should be concerned about and anxiety vs anaphylaxis
- Pfizer vaccines in younger people - what to look out for?

There will also be an opportunity to ask questions of the presenters.

SPEAKERS: **Associate Professor Michael Boyle** (Clinical Immunology, John Hunter Hospital)

Associate Professor Nicholas Wood (National Centre for Immunisation & Research Surveillance)

Patrick Cashman (Immunisation Coordinator, HNELHD Population Health)

Dr Joanne Wood (GP, Belmont COVID-19 Vaccination Centre) &

John Baillie, Facilitator (Executive Manager, HNECCPHN).

WHO: **General Practitioners, Nurses, Practice Managers, Aged Care Staff, Aboriginal Health Practitioners**

WHEN: **Wednesday 18th August 2021, 6:30 pm – 8:00 pm**

WHERE: **Online via GoToWebinar**
