

Living with COVID: Vaccines & COVID Care on the Central Coast

PHN EDUCATION SESSION

The multiple health and social impacts of the COVID-19 pandemic continue to be experienced by communities and healthcare providers across our region. Information and advice regarding vaccines and patient care is frequently being reviewed and updated. Our latest *Living with COVID* webinar will focus on recent changes regarding vaccines and healthcare workers; and a range of issues relevant to the care and management of COVID patients in the Central Coast region.

The webinar presentations will focus on the following topics among others for discussion:

- Responses to the PHN's COVID FAQs relevant to the Hunter, New England & Central Coast Region
- Vaccination update for healthcare workers
- Care of adults and children with moderate to high risk factors
- Oral COVID medications
- Identification and management of patient referrals
- Patient numbers and health resources utilised in the Central Coast
- Central Coast COVID Community Support Team
- Live question & answer session
