

Improving Immunisation Rates: What's Available?

PHN EDUCATION SESSION

Please join us online for a discussion on the resources that are available to assist you with improving immunisation rates within our communities as well as information on medicare billing and immunisations. Our speaker will provide an overview of, and extend an invitation, to join the PHN's Immunisation Community of Practice.

By the end of the webinar participants will have an improved understanding of the following:

- The basics of catch-up schedules
- Current childhood immunisation rates for HNECCPHN
- Reports available from the Australian Immunisation Register (AIR) site to help identify individuals who are overdue for immunisation.
- Current resources and tools available
- Information and an invitation to join the PHN's Immunisation Community of Practice
