

2021 Infection Prevention & Control for General Practice – COVID-19

PHN EDUCATION SESSION

Please join us for a presentation from our expert presenter, Margaret Jennings, Microbiologist and Infection Prevention & Control Educator, who will provide an Infection Prevention & Control update on COVID-19.

The session learning outcomes are:

1. Understanding why and how variants arise and how they are detected
2. Understanding updated terminology about airborne transmission and clarifying role of surface transmission
3. Understanding when a P2 mask may be required
4. Understanding how the various COVID-19 vaccines work

SPEAKER: Margaret Jennings (Microbiologist and Infection Prevention & Control Educator)

WHO: General Practice & Allied Health staff

WHEN: Wednesday 31st March, 7.30 am – 8.30 am

WHERE: Online via GoToWebinar

RSVP: Please [click here](#) to register.
