

New MBS Items to Support Allied Health Participation in Multidisciplinary Case Conferences

PHN EDUCATION SESSION

Six new MBS item numbers will be available from 1 November 2021. They are intended to increase the uptake of multidisciplinary case conferences, improve care coordination and support the outcomes that matter most to patients and their families. This Mastermind presentation will introduce the new chronic disease management case conferencing Medicare Benefits Schedule (MBS) items for eligible allied health providers.

The session will cover what these items are and some considerations for implementing. It will be relevant for General Practitioners, Allied Health providers, nurses and Practice Managers from both allied health practices and general practices.
