Antenatal hot topics on the Central Coast

PHN EDUCATION SESSION

Please join us for an informative webinar on Antenatal Care hot topics for the Central Coast including antenatal screening, ultrasound and diagnostic testing in more detail to help them with referrals. Iron and pregnancy will also be looked at. This will be an interactive session with the opportunity for Questions and Answers.

The presentation will focus on the following learning objectives:

- Identify referral Pathways
- Conduct Antenatal screening
- Identify and conduct ultrasound and diagnostic testing

SPEAKERS: **Dr Penelope Fotheringham** is a dual trained medical specialist in Obstetrics and Gynaecology and Public Health Medicine who also works as a medical adviser to the Maternity Services in the Central Coast Local Health District. She has been teaching medical students at the University of Sydney since 2010 and also lectures in the Masters of Medicine (Sexual and Reproductive Health).

Dr Natalie Cromer is a Haematologist and Obstetric Physician and currently has appointments at a number of Sydney hospitals. She is an examiner for the Royal Australasian College of Physicians and an elected member of the Executive Council of the Society of Obstetric Medicine of Australia and New Zealand (SOMANZ).
