

# Gross Motor Skills for children under 2 years. What can physiotherapy do and when to refer?

## PHN EDUCATION SESSION

Join our online webinar presented by Jessica Langham, Paediatric Physiotherapist, to examine the development of gross motor skills in infants, and the role of physiotherapy in identifying and addressing delays in the development of gross motor skills.

### Session content will include:

- Review of gross motor skills for those under 2 years of age
- Identifying atypical gross motor development
- Understanding what a physiotherapist can do for gross motor delays
- Identifying when to refer a child with gross motor delays to a physiotherapist
- Case study discussion

**SPEAKER:** **Jessica Langham** (Paediatric Physiotherapist). Jessica is a registered physiotherapist and has been practicing for 6 years. She is passionate about working with children and their families to help achieve their goals, and believes that early intervention is paramount to gross motor development. Jessica Practices in Armidale, Dorrigo & Bellingen.
