

Assessing the Heart Health Program

UNIVERSITY OF NEWCASTLE DEPARTMENT
OF RURAL HEALTH & PRIMARY HEALTH
NETWORK EDUCATION SESSION

SESSION OVERVIEW: This program will provide guidance in how to complete an annual heart health assessment in your patients and how to use the appropriate medicare item numbers to ensure the appointment is financially sound. It will cover the process from how to find the Heart Health Assessment in your practice software, through to how to send referrals and appointment billing.

Learning outcomes:

At the end of the session, participants will be able to:

- Choose an appropriate Heart Health Assessment template from the practice software
- Use the template to ensure items relevant to a Heart Health Assessment have been considered
- Use the My Healthy Heart Plan to guide patient care
- Understand how to develop a clinic and build patient flows in the appointment book
- Send an e referral using the template to an Allied Health Practitioner

SPEAKERS: **Professor Jenny May** is an experienced GP with an active clinical practice. As part of her role as Director of the University of Newcastle Department of Rural Health, she oversees the Rural Health Multidisciplinary Training Program for students in the North West, Tablelands and North Coast of NSW. Jenny is a regular contributor on ABC's "the Drum", presenting on local and national health workforce issues.
