

Living with COVID: Rural Management & Early Treatment to Prevent Serious Disease

PHN EDUCATION SESSION

The multiple health and social impacts of the COVID-19 pandemic continue to be experienced by communities and healthcare providers across our region. Information and advice regarding the care and management of community patients in the current outbreak is frequently being reviewed and updated. Our latest *Living with COVID* webinar will have speakers focusing on managing COVID-19 in our rural and regional areas; as well as current evidence for COVID-19 treatments to prevent disease severity and hospitalisations.

The webinar presentations will focus on the following topics among others for discussion:

- Responses to the PHN's new COVID FAQs relevant to the HNECC region
- Sotrovimab
- Oral antiviral agents & GP practicalities
- Agency for Clinical Innovation NSW Model of Care
- "Up to date with vaccination" change to ATAGI definition
- Moree COVID response & sotrovimab case presentation
- Live question & answer session
