

Succession Planning for GPs & Allied Health

Join our industry specialists for an informational and Q&A session to inform General Practitioners about how to maintain ongoing patient care when planning to move or retire, strategies to attract successors to your practice, and the resources and services available for your transition.

Learning Outcomes

At the end of this session, the participant will be able to:

1. Examine ongoing patient care in a world of disruption and change
2. Determine the characteristics of a sale-able practice
3. Develop a practice succession and lifestyle action plan

** CPD hours pending for this session*
