Team Based Care: Together everyone achieves more

PHN EDUCATION

With an ageing population and increased burden of chronic and complex conditions being managed in community settings, team care can be an important consideration in addressing patient needs and improving quality of life. Please join us ahead of International Nurses Day as we discuss the benefits and barriers to team based care and considerations around referrals, collaboration and billing.

In this webinar we will explore the practical, collaborative and billing aspects of:

- Team care Arrangements
- Diabetes Group Services
- First Nations Allied Health referrals
- Nurse/AHP support and monitoring

SPEAKER: Sarah Hoolihan, Primary Care Improvement Officer, HNECCPHN,

WHO: Practice Nurses, GPs, Practice Managers, Aboriginal Health Practitioners, Aboriginal Health workers and Allied Health providers

WHEN: Wednesday, 10th May 2023

TIME: 1.00pm – 1.30pm

RSVP: Please [CLICK HERE](#) to register for the online platform via GoToWebinar
