

Tips and Tricks to Accessing the National Cancer Screening Register

PHN EDUCATION SESSION

Please join us for an education session where you will be provided with practical tips and tricks to efficiently access the National Cancer Screening Register. We will be discussing the functionality and benefits associated with the National Cancer Screening Register.

Learning Outcomes:

- Understand the functions and how to access patient screening information via the National Cancer Screening Register
- Set up your General Practice to access your patient's bowel and cervical screening results and history via the Healthcare Provider Portal and integrating your clinical software to access the National Cancer Screening Register
- Identify opportunities to utilise the National Cancer Screening Register in routine patient care

SPEAKERS: **Amy Callinan – Primary Care Improvement Officer (HNECCPHN)**- Amy works within the PHN's Primary Care Improvement Team and is the support lead for cancer screening within the PHN. She has extensive experience working with the National Cancer Screening Programs and Cancer Institute NSW; specifically the development of the Cancer Screening and Primary Care Quality Improvement Toolkit.

WHO: **Practice Managers, Administration staff, Practice Nurses, Aboriginal Health Practitioners/Workers and General Practitioners**

WHEN: **Tuesday 5 September 2023, 1.00pm – 1.30pm**

WHERE: **Online via GoTo Webinar**
