RESPIRATORY CLINICS

Vytal ANTIBACTERIAL
HAND SANITIZER

Good hand hygiene is one of the best ways to reduce the spread of germs and bacteria. The best result is achieved by washing your hands, but we don't always have access to water.

That is why we created Vytal Antibacterial Hand Sanitizer.

Not only does it kill 99.99% of germs, it also leaves hands refreshed, moisturised and clean.

DIRECTIONS:

Squeeze a small amount onto your palm then rub together until thoroughly dry.

CAUTION:

Highly flammable. Keep away from flame or fire.
For external use only.
Avoid contact with eyes.
In case of eye contact flush with water.
Do not use on broken or irritated skin.
Discontinue use if skin irritation occurs.
Keep out of reach of children.
If swallowed contact a doctor.

STORE BELOW 30° C

500ML
