InPlace® Learning

Video-Guided InPlace® Workshop

Teams work **together** through **pecially designed** video modules that teach, demonstrate, and prompt group interaction. Unite teams across your organization or region with a **systematic framework** and common language.

Monthly Office Hours

SafeSide faculty and subscribers around the world interact in live **Monthly Office Hours** and an online Community of Practice. Get answers, share ideas, and build your professional network.

Updates and Refreshers

Stay current with advances in Zero Suicide care through regular updates, new modules, and quick refreshers throughout the year.

Video-Guided InPlace® Workshop

Teams work **together** through **specially designed** video modules that teach, demonstrate, and prompt group interaction. Unite teams across your organization or region with a **systematic framework** and common language.

Connect Practice Exercise: Pairs

Think of someone you worked with who struggled with thoughts of suicide

Assess Discussion: Pairs

With a partner, discuss the roles **you** have played related to suicide assessment.

Roles

- Screen routinely
- Ask in response to a concern
- Communicate to a third party
- Ask follow up questions
- Complete comprehensive risk assessment

SafeSide Framework for Suicide Safer Care

CONNECT **ASSESS** **RESPOND** **EXTEND**

Ask Collaborate

- Strengths and Protective Factors
- Long-term risk factors
- Impulsivity/Self-Control (incl. self-harm)
- Past suicidal behavior

Risk Status
Relative to others in a given setting (current or being considered)

Risk State
Relative to self at baseline or selected time period

Available Resources
Internal and social strengths for support, safety and treatment planning

Foreseeable Changes
Changes that could quickly increase risk state

CONNECT

- Team discussion, consultation, referral for unmet needs

RESPOND

- Treatments and interventions
- Contingency/safety plans including verbal means reduction
- Contact/Check frequency to support needs, restrictive environment

EXTEND

- Caring contacts to extend support and connection
- Input, shared plans, and clear roles for supports and providers
- Structured follow-up assessments and support, Crisis services
- Warm handoffs, consistent approach across system/community

The InPlace Workshop

Step 1: Plan Your InPlace® Workshop

Duration. 3 Hours, usually held in three 50-minute sessions but can also be hosted as a half-day workshop. We recommend groups complete all modules within a month, no more than two.

Session 1	Session 2	Session 3
Introduction and Connect (50 minutes)	Assess (50 minutes)	Respond and Extend (50 minutes)

If you adhere to the time allotted for discussions, you'll finish within these time frames. Some teams choose to extend discussions beyond the timers - if so, add to your scheduled time accordingly.

Connect Practice Exercise: Pairs

Role play using **ask**, **collaborate**, and **commit** to **connect** with them about their suicide concerns.

Focus on **connecting** in a way that reflects your style and cultural factors.

7 Minute Timer

Continue

Plan

- Decide how many sessions
- In-person or videoconference?
- Schedule sessions
- Invite participants - be sure they bring a device

Planning to Host

Host Tasks:

- Distribute participant workbook
- Test your tech
- Host the workshop and encourage participation

Host's Role

Evaluation & SafeSide Account

Evaluation and Account

Plan

- Decide how many sessions
- In-person or videoconference?
- Schedule sessions
- Invite participants - be sure they bring a device

Host Tasks:

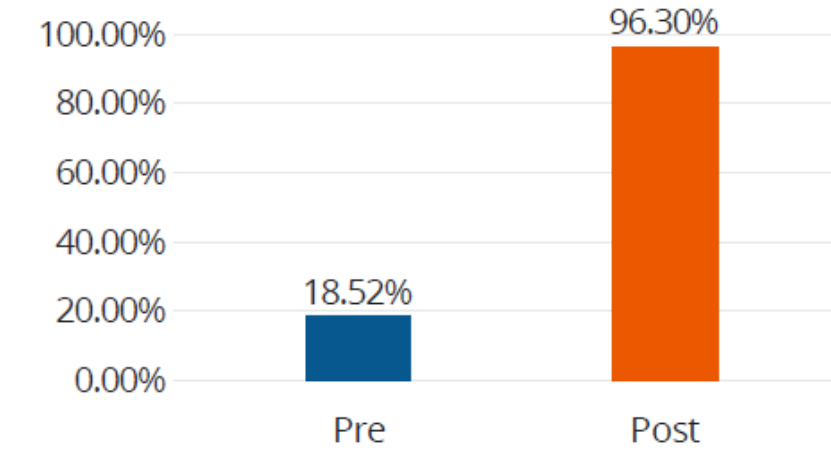

- Distribute participant workbook
- Test your tech
- Host the workshop and encourage participation

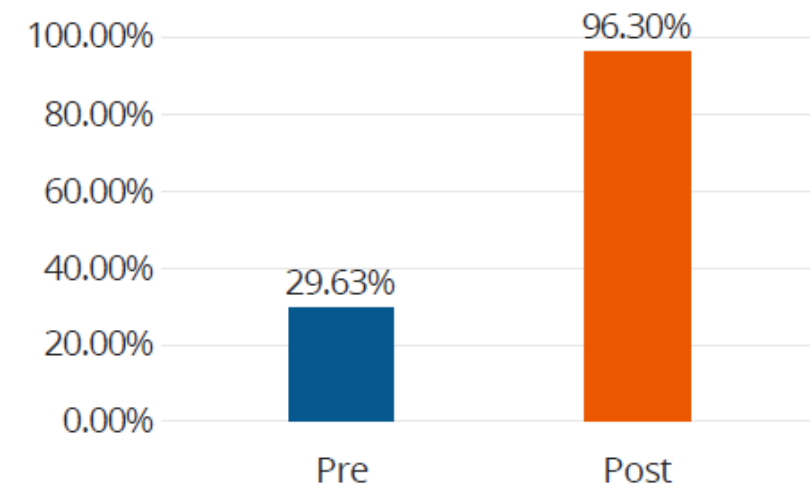

My ability to link risk assessments to person-specific plans.

My ability to develop person-specific safety plans that include means safety and plans for specific life events that would increase risk.

How I can extend support to people at risk beyond the time when I am in contact with them.

What to do when I encounter a person with suicide concerns.

My ability to convey and maintain a hopeful stance when someone feels hopeless.

Evaluation

- Included with program
- Completion reporting
- Available for project team member
- Unlocks staff accounts
