

Strengthen Primary Care Nationally

– Through the provision of
targeted analysis and policy advice

PROJECT AIM

To understand the needs of Australia's primary health care system and strengthen delivery of outstanding care.

PROJECT BENEFICIARIES

All of region.

IDENTIFIED REGIONAL HEALTH NEED

This project will have the ability to support all regional health needs.

2023/2024 PROJECT OBJECTIVES

There are two independent components outlined in this project:

1. A report and business case outlining recommendations following a review of PHN commissioning processes nationally.
2. A literature scan answering the question, 'what systems and processes are being used nationally and internationally to increase equity of access to primary health care services?'

CLINICAL AND COMMUNITY GUIDANCE REQUIREMENTS

As part of this project we will be consulting with a number of advisory and reference groups.

PROJECT PARTNERS

We're looking to work with internal and external partners, and subject matter experts to achieve this project.

RESPONDING TO WHICH STRATEGIC CHALLENGE

Demonstrate exceptional commissioning through leadership and performance.

Enhance the primary care workforce and incorporate digitally assisted services.
