

ED Frequent Presentations

PROJECT AIM

The project aims to design a solution with key stakeholders to enable patients to access health care in alternative places to emergency departments.

PROJECT BENEFICIARIES

- Community

IDENTIFIED REGIONAL HEALTH NEED

The first year of the project will identify which regional health need is to be the focus.

2023/2024 PROJECT OBJECTIVES

1. Investigate and scope the needs of people who access emergency departments for care.
2. Investigate and scope the priorities for population groups.
3. Determine capacity for care delivery across settings (such as hospital, community, primary general practice and allied health services).
4. Co-design a solution/s to co-commission services to improve patient care in alternative settings to hospital emergency departments.

CLINICAL AND COMMUNITY GUIDANCE REQUIREMENTS

- Consultation with Clinical Councils and Community Advisory Committees.
- Central Coast GP Collaborative Panel.
- Allied Health Reference Group.
- LHD Groups.

PROJECT PARTNERS

- Hunter New England Local Health District
- Central Coast Local Health District
- Others as identified

RESPONDING TO WHICH STRATEGIC CHALLENGE

Demonstrate exceptional commissioning through leadership and performance.
