

## Scope opportunities to support increased capabilities in primary care commissioning

### PROJECT AIM

To scope and identify opportunities that HNECC could pursue in establishing a centre for enhanced commissioning capabilities. Any new opportunities will align with the outcomes of the National Commissioning Review (NCR). Opportunities could include providing commissioning support for other organisations, training and development and system enhancements. This would leverage off HNECC's reputation as a leader of primary care commissioning.

### PROJECT BENEFICIARIES

- Internal Board
- HNECC staff
- Broader PHN Network members

### IDENTIFIED REGIONAL HEALTH NEED

This project will have the ability to support most regional health needs.

### 2023/2024 PROJECT OBJECTIVES

1. To articulate the scope of a 'commissioning academy' (aka – Centre of Excellence/ Transformational Alliance), aligning opportunities identified in the National Commissioning Review with existing examples of similar commissioning academies and determine scope and budget that would allow the establishment of such an activity in future years.

### CLINICAL AND COMMUNITY GUIDANCE REQUIREMENTS

Consultation with Clinical Councils and Community Advisory Committees.

### PROJECT PARTNERS

- Academic Institutions
- Registered Training Organisations

### RESPONDING TO WHICH STRATEGIC CHALLENGE

Demonstrate exceptional commissioning through leadership and performance.
