

Be a part of our study!

We are looking for General practitioners/ Practice nurses to participate in our study.

This study aims to explore the current role and experiences of General practitioners/Practice nurses in promoting oral health among women approaching or in menopause. Participation will involve a 20–30-minute interview. The interview will be conducted at a convenient time for you using either phone, online platforms like zoom, or face-to-face. The valuable information you provide will assist in the development of strategies to support future resources and training programs around oral health care and menopause. Participation is voluntary and the information you provide will be strictly confidential.

If you would like to participate in interview, click on the link/scan the QR code to register your interest <https://t.ly/3CoPJ>

Or please contact: **Namitha Thomas** (Chief investigator and Ph.D. student).
