

Advancing the Frontier of Regional PHN Commissioning Momentum – Advancing Outcomes and Equity

1

How can we accelerate improvements in the health and wellbeing of the communities you serve?

~ -1 We need to create systems where learning and improvement is ОH embedded in everything we do 5 1 **Understand** Act 2) 4 **Study** Plan Do 3

 ω HOWCASE

To accelerate health improvement, we need to embed continuous learning for individuals, services and populations

'Care about me' starts by thinking about what matters to individual people and their lives
