## BELMONT HOSPITAL

### VISITING MEDICAL OFFICER IN GENERAL PRACTICE TO WORK IN THE EMERGENCY DEPARTMENT

Belmont District Hospital is inviting applications from General Practitioners with the suitable qualifications and experience to work as Visiting Medical Officers to provide emergency department service to ensure optimal medical care to the patients of Belmont District Hospital during night shifts.

#### About the role:

- Visiting Medical Officers in General Practice will provide high quality, evidence based, patient focussed management and care to Emergency Department patients, families and carers through the participation whilst on shift at Belmont Emergency Department.
- Providing basic and advanced resuscitation, management of presenting patients and facilitate where necessary, the appropriate referral of patients to other agencies, hospitals or institutions.
- Managing acute medical emergencies such as myocardial infarction, pulmonary oedema and diabetic ketoacidosis with appropriate advice and consultation with a comprehensive set of guidelines and policies to direct practice.
- You will be supported when requested from on-call FACEM, retrieval or other specialists along with an experienced and dedicated nursing and multidisciplinary team.

#### Some requirements of the role:

- General Practice Specialist registration with AHPRA and Fellowship of the Royal Australian College of General Practitioners
- demonstrated by recent and comprehensive experience in General Practice and Emergency Medicine.
- Completion of, or currently undertaking a course relevant to Emergency Medicine
